

LED OUTDOOR WALL SCNCE WITH RGBW

► **DESIGN** - LED OUTDOOR WALL SCNCE WITH RGBW has a modern, multipurpose design and a stylish look with efficient lighting. The UV resistant PMMA lens with a 120° beam angle grants you even light distribution. It is designed to operate on 120-277V circuits.

► **VARIETY** - The fixture comes in 10-inch and 24-inch and available in Black or Nickel finishes.

► **RGBW** - The fixture has RGBW design with APP control. You can easily select Red, Green, Blue, White (2700K-6500K) colors or its' cobinations, having 16.7 million colors in total. You can also choose lighting patterns and set up a schedule, having a great variety of good looking effects. All of it is easily controlled by Smart APP on your Smartphone. The fixture is also compatible with Alexa and Google Assistant.

► **DURABLE WATERPROOF** - Housing resistant to rust and impact can be used outdoors in all weather conditions.

► **APPLICATION** - The fixture is rated for Wet Locations, making it perfect for indoor and outdoor projects such as decks, front doors, porches, patios, corridors, walkways, or any other common areas.

► **ADVANTAGES** - With a lifespan of 50,000 hours, these fixtures are made to last decades under normal operation! ASD provides a 5-year limited warranty along with ETL and Energy Star certifications to guarantee top quality products and safety!

LED OUTDOOR WALL SCENCE WITH RGBW

INSTALLATION GUIDE

IMPORTANT SAFETY INFORMATION:

Please read all the instructions below before installation!

- ▶ Make sure that the supply voltage corresponds to the rated product voltage.
- ▶ The product must be installed by a qualified electrician in accordance with the National Electrical Code and corresponding local codes.
- ▶ If the product is damaged, do not use it.

⚠ WARNING

Risk of personal injury – read and follow all warnings and installation instructions. Keep or give to the owner for future reference.

Risk of cuts: Wear gloves to prevent cuts or abrasions when removing from carton, handling, installing, and maintaining this product.

Risk of electric shock: This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.

Risk of Fire: Minimum 194°F supply conductors. Consult a qualified electrician to ensure correct branch circuit conductor.

ASD® assumes no responsibility for claims arising out of improper or careless Installation or handling of this product.

PACKAGE CONTENTS:

Description	Quantity
LED Outdoor Wall Sconce	1
Mounting plate (A)	1
Mounting screw (B)	2
Self-tapping screw (C)	2 (4 for 24 inch models)
Fixture screw (D)	2
Decorative screw (E)	2
Wire nut (F)	3
Anchor (G)	2 (4 for 24 inch models)
Box	1

INSTALLATION STEPS:

1. Unscrew the two fixture screws from the top and the bottom of the wall sconce. Remove the cover and bottom perforated plate, then unscrew two screws from LED panel, and detach it from the wall plate. Attach wall plate to the outlet box using two mounting screws and fit it on a wall with four additional screws. Choose preferred color temperature by adjusting the switch position inside the fixture.
2. Connect the wires: Black to Black, White to White, Ground to Ground. Secure the connection with wire nuts. Attach the LED panel to the wall plate and secure it with two screws on the top and on the bottom. Attach the cover and bottom perforated plate to the wall plate, and secure it with two screws on the top and on the bottom.
3. The fixture has RGBW design with APP control. You can easily select Red, Green, Blue, White (2,700K-6,500K) colors or its' combinations, having 16.7 million colors in total. All of it is easily controlled by Smart APP on your Smartphone.

* This fixture is not rated for heavy salt water exposure or high salt content in the air. It may cause parts of the fixture to Rust. Will void the warranty of the fixture if installed in a coastal area.

LED OUTDOOR WALL SCONCE WITH RGBW

STEP-BY-STEP GUIDE FOR ADDING NEW DEVICES TO THE ASD SMART APP:

1. Download the ASD SMART APP from the Apple App Store (for iOS) or from the Google Play Store (for Android) using the QR codes below.

[ASD SMART APP download Android](#)

[ASD SMART APP download iOS](#)

2. Connect the fixture to a power source, then prepare the fixture for pairing:

- If the fixture is blinking: It's already in pairing mode. Skip to Step 4.
- If the fixture is not blinking: Go to Step 3 to manually enter pairing mode.

3. Manually put the fixture in pairing mode:

- Turn the fixture on and off 5 times. The interval between turning on and off should be at least one second.
- The fixture will start blinking, signaling it's in pairing mode. The blinking might stop after a few seconds, but it will still be in pairing mode.

4. Adding the fixture to the App:

- Ensure Bluetooth is enabled and your phone is connected to a Wi-Fi network with internet access.
- Open the ASD SMART APP.
- At the top of the App, select the area where the new fixture will be located.
- Tap the "+" button in the top right corner, then select "Add Device".
- Wait for the App to detect the fixture. Once it appears, tap "Add".
- Enter your Wi-Fi credentials when prompted.
- Once the fixture is successfully added, tap "Done" to complete the setup.

FAQ:

1. I can't see the device in the App:

Ensure the smart device is plugged in, Wi-Fi and Bluetooth are enabled on your mobile device, and your network hasn't reached its device limit.

If you're still having trouble:

- Keep the fixtures in pairing mode and reset your router.
- Verify that your Wi-Fi network is 2.4 GHz, as smart devices require this frequency.
- Ensure your smart device is within Wi-Fi range (approximately 5-10ft indoors).

2. "Time out" error when connecting the device:

- On the App homepage, tap the "Me" icon in the lower right corner.
- In the upper right corner of the next screen, tap the "Settings" icon.
- Scroll to the bottom of the settings page to check the current storage occupied by the App cache.
- Close the App, reboot your phone, and try re-adding the device.

3. I can't control multiple devices at once.

Ensure you are not attempting to group different types of devices (for example, a wall sconce and a security camera). Only devices of the same type can be grouped and controlled together.

To learn more about the App, check out the instructions at this [link](#).
